- Mon March 29th This day moderate breeze we been doing a little cleaning and painting we saw a school of whales late this afternoon going the same way the vessel were going but it came on dark before we could get to them so that ends this day Lat 14-28 S Long 34-07 W
- Tue March 30th This day moderate breeze we saw one steamer we been painting our yards and masts so that ends this day Lat 12-52 S Long 34-13 W
- Wed March 31th This day good breeze in the forenoon and light in the afternoon we saw two steamers we finish painting a loft so that ends this day Lat 11-14 S Long 34-09 W

- Thu April 1th This day rain squalls
best part of the day we been
doing a little scraping so
that ends This day Lat 10-29 S
Long 33-52 W
- Fri April 2th This day good breeze
from S E we saw a steamer
also some porpoises so that
ends This day Lat 8-33 S
Long 33-40 W
- Sat April 3th This day good breeze
we saw two steamers and
a sailing vessel we been
doing a little painting so
that ends This day Lat 6-07 S
Long 34-15 W
- Sun April 4th This day good breeze
we saw a steamer and a
schooner also some killer
so that ends This day Lat 3-46 S
Long 35-11 W
- Mon April 5th This day moderate
breeze we been doing a
little painting so that
ends This day Lat 2-36 S
Long 36-26 W
- Tue April 6th This day very
light breeze we saw a
steamer so that ends this
day

- Wed April 7th This day modrated breeze we been doing painting and other jobs so that end this day
- Thu April 8th This day modrated breeze and a little rain so that ends this day
Lat 0-32 S Long 39-41 W
- Fri April 9th This day good breeze from N so that ends this day
Lat 0-14 N Long 41-23 W
- Sat April 10th This day good breeze we saw some porpoises and got one so that ends this day
Lat 1-21 N Long 42-49 W
- Sun April 11th This day strong breeze so that ends this day
Lat 2-32 N Long 44-15 W
- Mon April 12th This day good breeze we saw some porpoises also a steamer so that ends this day
Lat 4-05 N Long 45-51 W
- Tue April 13th This day good breeze rain squalls this morning so that ends this day
Lat 5-26 N Long 47-11 W
- Wed April 14th This day good breeze we been doing a few odd jobs we saw some porpoises so that ends this day
Lat 6-50 N Long 48-34 W

Thu April 15th This day good breeze
we made a new set of back
ropes fore crigge yard so that
end This day Lat 8-35 Long 50-35

Fri April 16th This day strong
breeze Lat 9-25-10 Long 52-29
so That ends This day

Sat April 17th This day modrated
breeze we saw a finback
so That ends This day
Lat 11-05-N Long 54-19 E

Sun April 18th This day modrated
breeze so That ends This day
Lat 11-40 N Long 55-44 W

Mon April 19th This day light
breeze we been restoring
our tinnideck getting ready
for water also put the
bow boat on deck to renail
so That ends This day
Lat 12-17 N Long 57-19 E

Tue April 20th This day modrated
breeze we saw some black
fish also a Three mast schooner
we saw the land at 1-30
P.M. we are laying to
to night under short sail
so That ends This day

Wed April 21th This day moderate breeze we arrive here in Barbados at 7 am we heave to the vessel out side so that ends This day

Thu April 22th This day Laying at Barbados painting the vessel out side and taking water so that ends this day

Fri April 23th This day Laying at Barbados painting the low boat and doing a little other work so that ends This day

Sat April 24th This day Laying at Barbados doing a little painting so that ends this day

Sun April 25th This day Laying at Barbados

Mon April 26th This day Laying at Barbados so that ends this day

Tue April 27th This day Laying at Barbados painting the boats so that ends This day

Wed April 28th This day Laying at Barbados painting the boats and doing other work so that ends this day
